LinkedIn [\[Link\]](#) | GitHub [\[Link\]](#)

A highly motivated and detail-oriented final year B.Tech student with a foundational knowledge of C, Java, Python and SQL. Passionate about software development and problem solving, eager to apply my skills in dynamic environment. Seeking opportunities to gain hands-on experience and contribute to innovative projects while enhancing my technical expertise.

PROFESSIONAL EXPERIENCE

RD Infro Technology (Intern) 2024

Full Stack Development

Aavanto & Lorven Technology (Intern) 2023

Python Developer

PROJECTS

Web-based simple To-Do List app

Developed a Web-based simple To-Do List app allowing users to add, delete, and mark tasks as complete. Implemented Database to store and manage user tasks efficiently.

- Built a task manager web app using HTML, CSS, and MongoDB.
- Enabled users to manage tasks with add/delete/update functionality.

SkillnGig [\[link\]](#) ongoing

Collaborative skill-exchange platform using Next.js, TypeScript, and Tailwind CSS.

- Enables users to create profiles, list skills they offer, and request skills from others.
- Implemented authentication using Supabase with email/password.
